Has Adequately Served Us

## Chamber Study Group Calls T.M. Act Beneficial

"There is no question but that the Act has been beneficial to the citizens of the Town. The Act has adequately served us in the past. The many complaints and criticism levelled at the Act actually relate, in most instances, after close examination, to personalities rather than the form of government." The Committee doubts whether any system of government can adequately eliminate such criticism except through the expression of dissatisfaction by the voters at the polls.

This is the conclusion of the Committee commissioned by the Arlington Chamber of Commerce to study the Town Manager Act for the Town of Arlington.

The preliminary copies report which is now at the printers, and will be ready later this month was presented at the meeting of the

Board of Selectmen Tuesday night.

Other conclusions reached by the Committee were as follows:

"The Act will serve the public in its present form without the need for any major change. However, there remain many areas where change could be beneficial to the Town. Such changes, if adopted could add to, and provide a degree of efficiency not contemplated in the Act in its present form.

"We have attempted to provide the reader with 'food for thought', so to speak, without actively advocating such changes. Rather, we have examined certain major aspects and areas of the Act, attempted to assign advantages of retention or change.

"It is for an officially constituted body, assigned the responsibility and obligation of reporting to the Town

Charged in School Breaks

## Six Juveniles Arraigned in Court

Six juveniles, ranging in age from 13 to 16, were arraigned in juvenile court Tuesday and charged with breaks in three Arlington elementary schools. Acting Police Chief Lucarelli told this paper this week.

Lucarelli stated that five of the youngsters were from Arlington and one from out of town.

The breaks were reported at the Crosby, Hardy and Thompson schools over the New Year's holidays.

First reported was the Crosby school break Jan. 1, where considerable damage was reported.

Entrance, according to Arlington police, was gained by breaking glass in a door on the Oxford side of the building.

Several rooms and the office were reported ransacked at the Hardy school Jan. 2, with entrance gained through a broken window on the Brooks ave. side of the building.

Later the same day, a report of a break at the Thompson school was reported.

Several rooms were reportedly ransacked and two typewriters damaged. There was no sign of forced entry.

Meanwhile, several other reports of breaks and attempted breaks were received at police headquarters on New Year's Day.

Mr. Costa, 59 Park ave. ext., reported a break at that

## New Suggestions Needed

Traffic signals, the lack of them, and the use of members of the Police Dept. to direct traffic at intersections throughout the Town was discussed by the Board of Selectmen a week ago.

Town Manager Donald Marquis informed the members of the Board of Selectmen that there are presently 26 intersections in Arlington which have stop signs at the same locations as traffic lights.

He went on to explain that he is asking the Police Dept. for suggestions relative to these conditions. Marquis stated that he feels such conditions tend to confuse motorists.

Selectman Saul then went on to ask why traffic officers were directing traffic at locations where there are traffic lights.

Selectman Greeley wanted to know why the light at the intersection of Mass. ave. and Lockeland ave. was not on flashing at midnight?

The questions and suggestions brought up at this meeting certainly are some that deserve plenty of looking into. Definite action should be taken on the same in the near future.

It is felt by this writer that the signs and lights definitely do tend to confuse drivers.

### MERITS BIG THOUGHT

What does the out of town driver do when the light is green, but yet there is a sign which reads "Stop"?

The question by Selectman Saul relative to the use of traffic officers at intersections where there are traffic lights is another which merits some "big thought".

Why should the Town pay out good money to have traffic lights installed at intersections and then have traffic officers stand in the center of the street and have to signal the motorists to come or go?

Certainly, there is some merit to this trend of thought, but on the other hand, how many motorists try to "sneak by" or "jump lights" or go left when they are in a "straight ahead" lane?

A police officer under these circumstances is a necessity when drivers want to do as they wish and must be put in their place, and certainly lights aren't at the computer stage yet so that they can stop those who don't care.

Manager Marquis answered the question as to why the light at Lockeland and Mass. was not on flashing at midnight by stating simply that it wasn't operating correctly.

There must be a number of Arlington motorists who either agree or disagree with the way the lights are operated, and maybe there are some worthwhile suggestions and conclusions that someone should or could come up with.

Certainly, the traffic problem in Arlington and throughout the Metropolitan area is one that can use any worthwhile suggestion from any of us.

## See Dolls Fire Hazard

Two dolls, purchased by an Arlington resident, present a dangerous fire hazard according to tests taken by the Senior Chemist of the Chemical Laboratory of the Mass. State Police, 1010 Commonwealth ave.

The local resident brought the dolls to Arlington Fire Chief John Canniff, Dec. 28, and the Chief immediately sent them to the Chem. Lab for tests.

Chief Canniff received a communication, dated Dec. 30, Wednesday morning, with the report enclosed.

The report reads in part as follows:

"The dolls present a dangerous fire hazard due to the fact that they contain highly flammable cellulose nitrate plastic which will ignite and burn rapidly not only from contact with open flame or other source of ignition, but also from prolonged exposure to a low temperature source of heat."

The report also went on to say that the hair of the doll is highly flammable, but

presents a potential rather than a dangerous fire hazard. As a result of the report, State Fire Marshall Ralph Garrett has notified all detectives, lieutenants, inspectors, Division of Fire Prevention and all fire chiefs in the State.

According to Chief Canniff, the dolls were originally imported from Poland.

The two dolls, according to the local Chief were not purchased in Arlington.

Chief Canniff told this paper at press time that local stores which might possibly sell dolls are being checked at this time.

### Blanks Austin

Arlington Catholic High school's hockey team blanked Austin Prep, 4-0 Sunday to continue in a tie for second place.

Bobby Shea scored two of the Arlington goals one in the first period and another in the second. The Coleman brothers tallied the other two markers.

Chairman of the Chamber of Commerce Paul McGuire, who was present at the meeting along with Keshian stated that he felt it would be up to the Selectmen to decide whether any further study is needed.

The matter of the effect of Home Rule on any future action was discussed as was the possible election of a Charter Commission.

The Committee was praised for its work. Selectmen will now read over the report.

Committee members, in addition to Keshian include: Jacob Katz, vice-chairman; Mrs. Robert L. Mozzi, secretary; Mrs. G. Edward Wilkins, Robert D. Smith, Ronald A. Negro and Ralph R. Hudson.

## To Run Again

Selectman John J. Billafer this week announced his candidacy for re-election. His letter to the voters of Arlington reads as follows:

I am announcing, today, my candidacy for re-election to a second term on the Board of Selectmen. The Board of Selectmen is the highest office in our town government structure. Three years ago I did not undertake lightly to seek this office that the decisions affecting the everyday lives of our citizens are made. Through its forceful leadership is provided a more vital life for the people of Arlington.

For the past six years I have been in the service of the Town of Arlington. For three years as a Selectman and, prior to that, as a Town Meeting Member and member of the Zoning Board of Appeals.

During my first term as a Selectman it has been my duty to make many decisions affecting the town and its citizens. It has been my obligation and responsibility to see that these decisions were as well-informed as possible; that they were based upon as much direct first-hand information as was available. If re-elected, my decisions will continue to be made in the same manner.

I hold an image of Arlington as being one of the finest towns in the Commonwealth. I realize, however, that we

# COLLINS CORNER

Temporarily, at least we are all back to normal, and the last two long weekends are just a memory, and to many a housewife a blessing, as enough football was displayed to last for many moons, they hope.

Some of the fairer sex, who have very little knowledge of the game cannot understand why they call it Football, when, for instance Sunday in the two Pro games they only punted 22 times, but threw the ball 100 times, and they cannot understand how the male members of the household can sit almost six hours watching two games when the ball is only in play less than 30 minutes.

And it does upset the experts to find that the non-interested, no-nothing females, can sit back and say the next play is a pass, and eight out of 10 times they are correct. They would have loved Radio when Graham McNamee would call the Rose Bowl games, and spend much time describing the wonderful view from the top of the Stadium with the snow covered hills in the distance, the beautiful coloring in the hills, and the blue of the sky.

But T.V. has changed all our lives, and even here in Boston the Pro game is slowly catching on. It doesn't seem so long ago that the Green Bay Packers played the Boston Redskins for the championship, and because of lack of interest and attendance throughout the year, the big game was transferred from Boston to New York City.

Bales of money were lost for years trying to create interest in this area, and only the return of the Patriots, plus television has brought it back.

For years Boston had no Sunday sports, and we were known as a community that ate dinner on that day around noon, and it took years and years to move the eating time to a later period of the Sabbath, so the lovers of sports could attend.

So be patient ladies, as there are only a couple of more games, and there will be a slight lull between some hockey and basketball pictures, and you will be into the baseball season which will only last until October, a mere six months.

And then? Well Football comes back again and away we go round and round and round. Oh yes, almost forgot to mention that one year from today the 1968 Presidential campaign will be under way and of course lots of favorite programs will be grounded so all can hear the chosen few orate.

So to many it will be a long, long year, but maybe reading will come back in style, though conversation in many homes will still be held to a minimum. Or maybe many property owners and other citizens who now use Arlington just as a bedroom, will take a bit more interest in the affairs of the town, and not have to confess they haven't been keeping up with local opinions.

For their own good, for the good of their children, and the good of their property, it could be a fine 1967 resolution. Styles in dress are changing as fast as T.V. and a new look is called the Mod appearance, and recently a young man of 15 purchased a pair of Mod slacks. They were a low-slung, low-rise, tight-fitting, broad-belted modsters in rich earth tones. THEN, with Mother's permission, he had his hair dyed to match the earth tones of the slacks (at a cost of \$15.00). One doubts that he will ever be seen playing in one of those Bowl games.

And now that we are style conscious, there is the story of the little boy who got lost in a supermarket, and the Manager said 'Sonny, why didn't you hold onto your Mothers skirt', and Sonny said, 'I couldn't reach it.'

cannot afford to stand still. We must continue to move forward with aggressive leadership and fresh ideas in order to effectively meet the challenges of an increasingly complex society.

It is with these thoughts that I ask for your support in the forthcoming campaign. Sincerely yours, John J. Billafer

# That Man About Town

MAT may have been a week early with his question to the Committee studying the Town Manager Act.

Last week the question was asked by MAT as to the whereabouts of the report.

Tuesday night, the Committee presented its report to the Board of Selectmen.

MAT should be able to read over the details in the near future.

The "pols" should be coming out of the woodwork soon, eh Boss. (Almost forgot the Boss was in Florida)

How much time have we until papers must be filed—two or three weeks at the most?

Used to be in the good old days that Menotomymen were all enthused about election time in March way back

in late November or early December. Now no one is interested at all.

Looking over the copy on the proof readers' desk MAT finds only four candidates who have started the "ball rolling".

Incumbents John Billafer and Kevin Feeley have releases in this week's issue of the "Advo".

Other than that no incumbents have said a word. Two other Menotomymen have taken out papers at the Clerk's office, one for Selectmen and the other for School Committee.

Bartholomew Colby looks like a third candidate in the Selectmen's race. He is an independent.

E. Albert Woodin has taken out papers for the School Committee. Wasn't he the Brennecke campaign manager two years ago?

## Open Part of Stratton Addition

Four rooms of the Stratton School addition were opened to some 135 pupils this week.

The rest of the ten room addition and kindergarten structure is expected to be opened very soon, probably before the end of the month, according to Supt. of Schools Bert Roens.

The Superintendent stated that the furniture arrived Friday, and that contractors are out of the area where the rooms are available.

The youngsters using the classrooms include three classes which have been bused to the Hardy School and two others which had been bused to the Cutter School.

The classes include four from the fourth grade and one from the third.

Kangaroos vary greatly in size. The smallest, called wallabies, may be no larger than a rabbit. The biggest, called the giant kangaroo, may grow seven feet tall.

The Chief who will retire after nearly 42 years of service on the Arlington force at the end of February reportedly suffered a slight heart attack Saturday morning.

address, with entrance reportedly gained by breaking glass in a rear door.

The side window at the Beacort Jewelry Co., 455A Mass. ave., was broken, Jan. 1.

Attempts were reportedly made to enter the Magnolia and Melrose Spas, in East Arlington, Jan. 1. Screens were pulled off the rear doors and windows.

A grille was removed from the Broadway Barber Shop, 95 Broadway, Jan. 1.

## Guest Speaker

The Arlington Heights Baptist Church will hold its monthly Men's Fellowship supper Jan. 11 with Nelson Blount of Steamtown, U.S.A. as guest speaker.

Mr. Blount, only 46 is a collector of old Steam Engines. He is attempting to preserve the steam era of America for future generations. He now has a collection of over 70 which is the largest collection in this country.

New England travelers have long been familiar with the two-foot gauge Edaville Railroad in South Carver, Mass., but few realize that the cranberry bog railway owes its salvation from the junk dealer to Nelson Blount.

Steamtown, U.S.A., Mr. Blount's other live-steam railroad and museum is now located in North Walpole, N.H., and Bellows Falls, Vermont.

Both railroads cater to tourists and feature the trademark of steam years: belching, barking steam trains with the whistles, bells, and of course the "All Aboard".

Right now, North Walpole New Hampshire is the Steam locomotive capital of the world with 35 steam locomotives on display.

Saturday, Jan. 28 at 5 p.m. is the last day and hour for submitting all nomination papers to the Registrars of Voters for certification of signatures (seventh day preceding day on which they are to be filed with the Town Clerk).

One week later, Saturday, Feb. 4, at 5 p.m. is the final day and hour for filing nomination papers with the Town Clerk.

## First Baby

Mark Emmett Reardon of Arlington and David Louis Dopaian of Dorchester were the first babies born in the Greater Boston area this New Year's.

The Reardon youngster, son of Brenda and Emmett Reardon, 11 Governor rd., was born at 12:04 a.m. at St. Elizabeth's Hospital.

Reardon is a fireman, and there are eight children in the family, ranging in age from two to 15.

The baby weighed eight pounds, fourteen ounces at birth and measured 21 inches in length.

Meanwhile, the first New Year's baby arrived at Symmes Hospital at 11:52 a.m. New Year's morning. Proud parents of a baby girl were Mr. and Mrs. Richard Pehrson, 59 Paul Revere rd.

The youngster will be named Melony. The Pehrson's are also the parents of another daughter.

## Seeks Re-election

Chairman of the Board of Selectmen, Kevin P. Feeley today announced his candidacy for re-election to the office of Selectman.

Attorney Feeley who resides at 25 Baker rd. with his wife Ellen and two children, is the Assistant Director of Corporations for the Commonwealth of Massachusetts. In announcing his candidacy for re-election to the office of Selectmen, Feeley made the following statement:

"Since elected in March of 1964, I have found that the Board of Selectmen is confronted with many challenging and vexing problems, some of which fortunately have been solved and others we hope are in process of solution."

"I believe that we have been able to improve the element of communication both internally among the many departments in the Town and also externally between the Town government and various State and Federal agencies."

"During my present term, I feel that the Town has made a great deal of progress in improving and streamlining the many services that the Town offers, but I feel that there are many things left to be done to continue to strive for administrative efficiency and integrity."

"I have tried to bring to the office of Selectman a record of positive accomplishment and to give unstintingly of my time and energy in the best interest of the Town of Arlington."

"I hope the people of Arlington will endorse this record and allow me to continue these efforts in the forthcoming election in March."

## SCHOOL and SPORTS

by Hal O'Brien

This year the New England Sportsman Show will be held at the Prudential Center in the War Memorial Auditorium starting Jan. 28.

Gerry Gracie, Arlington's welterweight hopeful, will be looking for his tenth win in a row his next time out at the Walpole Four Seasons Arena. The Ridge st. resident was a track captain at Arlington High when he attended the local high school. After leaving school he fought as an amateur winning 62 out of 64 fights.

Gabe LaMarca who lives on Edmund rd. has already won ten boxing matches in a row and will face Mike Suarez of Springfield in a six-round match this week. Both boys according to former boxing commissioner Tommy Rawson are good clean fighters and give the fight fans a lot of action every minute they are in the ring.

After a year out of school, Skippy Morgan is playing the best hockey of his career at B.U. Playing center on the third line, the recent B.U. press release has Charlie playing in 28 out of 30 periods with 3 goals and 4 assists with only two minutes in the penalty box.

The Deer Hunters locally had a big year. The Danvers Cold Storage Company reports their busiest year in the history of the firm, which skins, processes, freezes and stores venison. Have any of your hunter friends offered you a venison steak lately?

The Christmas snow storm deposited 29 inches of snow at Killington Ski Area. Phil Camp, vice president of public relations for the ski area reports their is plenty of accommodations for guests every week end.

Capt. John Donovan and his basketball team had a game scheduled at the Newton South gym on the day the boys arrived back from Florida and one with Weymouth tomorrow night with Walt ham here.

Coach Mahoney's freshman hockey team has many outstanding. Pee Wee hockey players. Names like Mark Noonan, Wayne Hale, Mike Zona, Eddie Burns, Herbie Richardson, Jay Shaughnessy, John Aiken, Steve Costa, Kevin Carr Kent Davison, Rick Rigazio, Tom Deveau, John Ramauro, Kevin Donovan, Dick Refetto, Dave Butler, Bob Quinlan, Jimmy Ackens, Brian Mulcahey and Ned Mahoney. Seems like if you want to play high school hockey you better get Pee Wee experience, it helps.

A couple of boys who do a lot for A.H.S. hockey but never get any headlines are managers Jack Hennessey and Ted Bowser.

Nice to be able to report that Bob Fredo, who was hurt playing hockey for Harvard in the Christmas tourney at the Arena is O.K. Bob had a few stitches taken but is fit and ready to play which is good news. Coach Conney Weiland would miss the fast

skating Fredo if he was sidelined.

Rickie Sheehan, a three sports star at A.H.S. and Touchdown Award winner two years ago, is playing varsity basketball at B.U.

The Park Department is real fortunate in getting golf pro John Thoren to head up its golf school. John the pro at Myopia Hunt Club on the North Shore is one of the finest men in the game both as an instructor and player.

The town just seems to be full of former high school athletes home from college on vacation. Am amazed at the number who have given up participation in the various sports to hit the books.

It is nice to see the boys using adult thinking. Marks are the important thing in both high school and college and is the first thing every athlete should learn.

Jimmy Driscoll has about three weeks more of Winter baseball in South America before returning home. Jimmy has been leading the league in batting for the past month. A good batting average in Spring practice would see Jim in the big league next season. Jim is a great glove man and has a good arm but his hitting has kept him in the minors. Hope that we can see him at Fenway come Spring.

## A.C.H.S. Beats Xavier 4-1

On Dec. 28 at the Arena Arlington Catholic High played their best hockey game to date as they beat Xavier 4-1.

A pair of Arlington boys Capt. Charlie Enwright and Bill Spina did all of the Xavier scoring with Enwright getting the goal on a tip-in of Spina's shot at the 2:30 mark of the first period.

Two minutes later A.C. tied the score when the Coleman brothers put on their scoring act as John Coleman passed to older brother Capt. Don Coleman who beat the Xavier goalie to tie up the game.

Defenseman Bob Shea with assists from Billy Thyme and Larry Keefe scored the tie breaking goal at 7:18.

John Coleman scored at 2:34 in the second period after taking a pass from Larry Babine. Chuck Brooks

BILL LILLARD, THE PACIFIC TEX. VETERAN, WILL DEFEND HIS TITLE IN THE 25th ANNUAL MILLER HIGH LIFE OPEN, AT THE BOWLING IN MILWAUKEE, FEB. 21-25!

scored the fourth and final goal for A.C. with Don Coleman getting the assist.

Coach Jack Cusick of Xavier lacking an experienced goalie uses Jay Connors in the nets. Jay played exceptional well in his new position.

He played for the Arlington High freshman team before transferring to the Concord school last year.

## Fire Deaths in the U.S.

NEW YORK—Approximately 12,000 persons lost their lives in fires in the United States during 1965, the Insurance Information Institute reports. More than one-half of these deaths occurred in homes and about one-third of these dead were children.

Ever since the new Children's Library opened April 16, 1966, in the Vittoria C. Dallin Branch of the Robbins Library of Arlington, the new facility has been a very busy place.

The 1966 figure for juvenile circulation at the Branch has increased by 2,569 over that of 1965, and the total 1966 figure for juvenile circulation there was 44,373.

Personnel responsible for keeping things humming in the Dallin Juvenile Department include Mrs. Helen Thompson, Branch Librarian, Mrs. Madeleine Woodbury, Assistant, and Mrs. George Huntston Williams, Children's Librarian there.

It has met with an enthusiastic response from both parents and children.

On Oct. 25, 1966, there arrived in the Children's Library of the Vittoria C. Dallin Branch a handsome gift from the Arlington Heights Study Club. The gift of the club which had been formally presented by Miss Edith Winn, President of the group.

On April 16, 1966 was a pair of book ends, each end having a seated figure of Abraham Lincoln derived by highly skilful reproduction from the famous statue by

| 1 cup boiling water                   | 1/2 cup heavy cream, whipped   |
| 1 cup sifted enriched flour           | 1/8 teaspoon almond flavoring  |
| 1/4 teaspoon salt                     | 1 No. 2 can Cherry Pie Filling |
| 4 eggs                                |                                |
| 1 4 ounce package vanilla pudding mix |                                |

Melt butter in boiling water. Add flour and salt, all at once, and stir vigorously. Cook, stirring constantly, until mixture forms a ball. Remove from heat; cool slightly. Add eggs, one at a time, beating vigorously after each addition. Drop by large tablespoonful onto a greased cookie sheet. Bake in a hot oven (400°) 45 to 50 minutes. Split puffs and allow to cool. Make pudding as directed on package, using only 1-1/2 cups of milk. Cool. Fold in whipped cream and flavoring. Spoon into puffs. Spoon Cherry Pie Filling over puffs and serve at once. Makes 8 large puffs.
